Biography

ABOUT ISABEL

It is very strange to write one's biography because it is just a list of dates, events and achievements. In reality, the most important things about my life happened in the secret chambers of my heart and have no place in a biography. My most significant achievements are not my books, but the love I share with a few people, especially my family, and the ways in which I have tried to help others.

When I was young, I often felt desperate: so much pain in the world and so little I could do to alleviate it. But now I look back at my life and feel satisfied because few days went by without me at least trying to make a difference.

In any case, here is my biography.

THE *Isabel Allende*
FOUNDATION

The Isabel Allende Foundation is guided by a vision of a world in which women have achieved social and economic justice. We invest in the power of women and girls to secure reproductive rights, economic independence and freedom from violence. Through its Espiritu Grants, the Foundation also supports a small number of organizations worldwide whose exemplary work is aligned with its mission.

Founded in 1996 to honor the author's daughter, Paula Frias, who died at age 29, the Foundation has awarded grants to more than 100 nonprofits worldwide delivering life-changing care to hundreds of thousands of women and girls.

Most grants awarded by our foundation are made to organizations headquartered in Chile and California.
